The Company

Plano was the first in the world to produce quality polypropylene toolboxes. Based on this success, in 1992 Plano Europe was created: a company in direct contact and in tune with the needs of the European market. Plano Europe quickly positioned itself at the absolute forefront of the sector, both from the design point of view, thanks to prestigious collaboration with the F.A. Porsche studio, and in the search for new materials.

Technology and Quality

Greater organisation and functionality with Plano toolboxes

Plano has developed a series of responses to both large and small everyday gestures: from professional activities to do-it-yourself, always with a unique style and with superior quality.

More efficiency at work

Plano has created over the years a range of offers which go beyond simple functionality, putting together innovation and tradition, ergonomics and design, such as the Technics bags, belts and vests, made from the latest generation of highly resistant materials

The Range

Plano's unrivalled experience, proven know-how, exhaustive research and state-of-the-art technology has culminated in the design and production of these top quality toolboxes. Designed by Plano to provide maximum protection for both essential and high-value tools. Setting new standards in strength, durability and functionality.

The Procasse line is designed for the professional, technician or service engineer who demands total practicality, lasting durability and optimum storage capabilities - together with the distinctive stylish design. In-depth research into the ideal internal configuration; construction using advanced materials, plus attention to function technical details - all contribute to an exceptionally elegant solution.

The Plano Technics line is a range of products to satisfy new needs of the modern workers from mobile phone holders, which are water and dust resistant, to the multifunctional pockets with anchoring systems for trousers back pocket, from the cutter holder, to the pocket equipped with hooks for fall prevention systems of tools.

Professional Case

- Large tool compartment with foam rubber
- Three compartment small items holder
- 12 bit holes for screwdrivers
- Double drill holder (iron and wall) for 11 bits
- Padlockable
- Made from Polypropylene

Product Code	Description	Dimensions (cm)
999	ProCase	35 x 38 x 14

Voyager

- Dual opening system with option of removable cover
- Padlockable for security of goods
- 65 litre capacity
- Unit weight 3.7kg

Product Code	Description	Dimensions (cm)
VOYAGER	Cargo 65 Litre Tool Box	30 x 81 x 42

Discover

- Double opening system with lid removal option
- Featuring wheels and handles for transport
- Padlockable
- 80 litre capacity
- 4.3kg unit weight

Product Code	Description	Dimensions (cm)
DISCOVER	Cargo Tool Box on Wheels	38 x 81 x 42

Explorer

- Dual opening system with option of removable cover
- Padlockable
- 185 litre capacity
- Unit weight 7kg

Product Code	Description	Dimensions (cm)
EXPLORER	Cargo 185 Litre Tool Box	57 x 85 x 61

HDP60

- Security closure with lock
- Zinc plated metal handles
- 60 litre capacity

Product Code	Description	Dimensions (cm)
HDP60	60 Litre Tool Chest	48 x 60 x 48

HDP80

- Security closure with lock
- Zinc plated metal handles
- 113 litre capacity

Product Code	Description	Dimensions (cm)
HDP80	113 Litre Tool Chest	48 x 80 x 50

HDP80R

- Security closure with lock
- EPDM seal
- Zinc plated metal handles
- 130 litre capacity
- Shock absorbent polyethylene

Product Code	Description	Dimensions (cm)
HDP80R	130 Litre Tool Chest	48 x 80 x 50

HDP100R

- Security closure with lock
- EPDM seal
- Zinc plated metal handles
- 163 litre capacity
- Shock absorbent polyethylene

Product Code	Description	Dimensions (cm)
HDP100R	163 Litre Tool Chest	48 x 100 x 50

523

- Double angular lock to prevent unwanted opening of case
- Number of compartments from 7 to 47
- Transparent Cover

Product Code	Description	Dimensions (cm)
523	Large Organiser with Dividers	6 x 37 x 30

5231

- Two independant openings
- Double angular lock to prevent unwanted opening of case
- Number of compartments from 15 to 52

Product Code	Description	Dimensions (cm)
5231	Large Organiser with Double Opening	8 x 37 x 30

5232

- Two independant openings
- Double angular lock to prevent unwanted opening of case
- Number of compartments from 16 to 50

Product Code	Description	Dimensions (cm)
5232	Large Organiser with Double Opening	11 x 37 x 30

3630

- Distinctive coloured latches
- Number of modular compartments 4 to 9

Product Code	Description	Dimensions (cm)
3630	Small Parts and Tool Organiser	7 x 27.5 x 18

3730

- Distinctive coloured latches
- Number of compartments from 4 to 15

Product Code	Description	Dimensions (cm)
3730	Small Part and Tool Organiser	8 x 35 x 22

4600

- Number of modular compartments from 8 to 30
- Two independant openings

Product Code	Description	Dimensions (cm)
4600	Parts Organiser with Dual Trays	7 x 27.5 x 20

4700

- Number of modular compartments from 13 to 45
- Two independant openings

Product Code	Description	Dimensions (cm)
4700	Parts Organiser with Dual Trays	7 x 35.5 x 24

PC100E

- Professional tool storage case
- Document storage compartment
- 2 Tool storage panels with elastics
- Handle with soft, ergonomic non-slip grip
- Padlockable
- Adjustable shoulder strap

Product Code	Description	Dimensions (cm)
PC100E	Professional Tool Storage Case	48 x 17 x 40

PC100T

- Professional tool storage case
- Document storage compartment
- 2 Tool storage panels with pockets
- Handle with soft, ergonomic non-slip grip
- Padlockable
- Adjustable shoulder strap

Product Code	Description	Dimensions (cm)
PC100T	Professional Tool Storage Case	48 x 17 x 40

PC513004

- Hard bag made with special reinforced material
- Hard bottom
- Wide inner pockets
- Reinforced ergonomic handle
- Shoulder strap
- Level holder
- Padlockable

Product Code	Description	Dimensions (cm)
PC513004	Hard Bottom Tool Storage Bag	50 x 25 x 29

XT200

- Made from reinforced material
- Adjustable waist size 90 to 130cm
- Quick release buckle

530TB

- Made from reinforced material
- Adjustable waist size 90 to 120 cm
- Quick release buckle

SB100TB

- Professional lower back support belt
- Breathable airprene structure
- Shock protection area in E.V.A

Sizes: M (64-77cm) L (78-92cm) XL (93-109cm) XXL (>110cm)

- Professional lower back support belt
- Breathable airprene structure
- Reflective insert
- Adjustable and removable elastic braces
- Shock protection area in E.V.A

Sizes: M (64-77cm) L (78-92cm) XL (93-109cm) XXL (>110cm)

XT214

- Mobile phone pouch in special padded material
- Pen holder
- Universal metal clip - fits all belts

549TB

- Mobile phone / Smartphone pouch
- Transparent front cover for external use
- Water resistant
- Metal clip fits all belts

KT100TB

- Ultra-light knee pads with non-tear polyester structure
- Central non-slip part
- High protection and shock absorbing E.V.A
- Adjustable elastic double closures

KT300TB

- Knee-pads with protective shield
- Large protection and surrounding outer PVC shield
- High protecting and shock absorbing E.V.A
- Adjustable elastic double closures
- Tear proof polyester fabric

KT500TB

- Knee-pads with protective shield plus air gel cushion
- Large protective and surrounding outer PVC shield
- Tear proof polyester
- Air Gel material that time and time again perfectly adapts to the shape of the knee, deadens knocks and prevents bruises.
- Innovative closure system that guarantees total adhesion, extraordinary freedom of movement and maximum breathability

XT271

- Professional tool bag made from special reinforced material
- Internal and external pockets
- Opening on both sides
- Laptop holder compartment

542TB

- Backpack for bulky tools, padded and reinforced back
- Adjustable shoulder strap
- Bottom can contain one small parts organiser, model 3600 (product not included)

554TB

- Tool and document case
- Inner pockets for tools and CD's
- Big outer pocket for documents
- Elasticated straps for precision/small tools
- Removeable clipboard

556TB

- Tool pocket with elastic bands for precision/small tools

559TB

- Professional tool bag made from special reinforced material
- Large pocket for paperwork: plans, files, notebooks
- Padded reinforced back pocket for essential tools and instruments
- 10 additional inner and outer pockets
- Adjustable shoulder strap

513000TB

- Tool bag made from special reinforced material
- Hard polyethylene bottom
- Inner and outer pockets
- Outer laces for bulky tools
- Shoulder strap

Product Code	Description	Dimensions (cm)
51300TB	Tool Bag	31 x 19 x 24

513002TB

- Tool bag made from special reinforced material
- Hard polyethylene bottom
- Inner and outer pockets
- Outer laces for bulky tools
- Shoulder strap

Product Code	Description	Dimensions (cm)
513002TB	Tool Bag	41 x 24 x 26

513006NT

- Professional tool backpack with double hanging system
- Net for bulky items and phone and glasses pockets
- Laptop holder compartment and velcro straps to secure drill
- Tool holding system and tape holder snap
- Padlockable

Product Code	Description	Dimensions (cm)
513006NT	Tool Backpack	49 x 37 x 22

513007NT

- Professional tool bag
- Water-resistant material
- Ripstop fabric
- Organisers compartments
- Tool holding system
- Pocket for documents and opening both sides

Product Code	Description	Dimensions (cm)
513007NT	Tool Bag	48 x 29 x 32

513008NT

- Professional tool case
- Double hanging system
- Laptop holder compartment and velcro straps to secure drill
- Tool holding system and tape holder snap
- Padlockable and trolley fastening system

Product Code	Description	Dimensions (cm)
513008NT	Tool Case	48 x 29 x 32

513021TB

- Tool storage wheeled bag in special reinforced material
- Rubber castors with ball bearings
- Hard bottom
- Internal and external pockets
- Shoulder strap

Product Code	Description	Dimensions (cm)
513021TB	Wheeled Tool Storage	45 x 30 x 45

522TB

- Miscellaneous tool holder tough material
- Snap for tape roll and keys
- Large protective flap, velcro fastening
- Universal metal clip-fits all belts
- Fit for belt model 530TB (belt not included)

524TB

- Plier pouch
- Strong hard-wearing material
- Holds most pliers or secateurs
- Universal metal clip-fits all belts

Plano - TOOL STOPS

The new jobs of today involved large amounts of work at heights. For this reason, the issue of prevention of falls from heights is needed more than ever.

Plano, attentive to this evolution of working and inline with work safety requirements, introduces ToolStop, a unique and complete system in the world of tools fall protection.

Each model of the ToolStop line has its own functional features: the retractable mechanism (patented system), the elastic cord for heavy tools, the wrist system, the worker's ladder securing strap. Each element has a specific duty, but together they're addressed to a unique fundamental need: safety at work.

TS600TB

- Retractable tool lanyard for medium weight tools 907g capacity
- Minimizes entanglement - streamlines gear
- Allows full tool reach
- Disconnectable end allows easy tool change out
- Locking mechanism
- Stainless steel carabiner
